When it starts to rain and the sun is still shining, what do you do?
Race to the nearest window and look for a RAINBOW ☁️ of course!

Who doesn't love a rainbow ? —

when the “sun shines onto the droplets of water
and shatters its white light into an array of brilliant
colors!”

Rainbows are symbols of HOPE, promising better
times to come —

Bridges between our world and the realm of
the Spirit.

Catching a glimpse of a rainbow is always a gift to the soul...
One of the most heartwarming events of the pandemic was
the sight of homemade rainbows displayed all over the
world as a sign of hope and healing.

The symbolism of the rainbow was made deeper when
Gilbert Baker created the first rainbow flag in 1978 to reflect
diversity in sexuality. The beauty and variety of colors
symbolize the individual beauty of every person, despite
any differences! Since that time, it has been displayed
extensively to depict pride, solidarity and hope for
acceptance, respect and equal rights.

On June 1st, President Biden proclaimed June 2021 as Lesbian, Gay, Bisexual, Transgender and Queer
Pride month — calling upon all people in our country to “celebrate the great diversity of the
American people” and “to wave the flags of pride high!”

COME AS YOU ARE is a stunning song ([click here to listen](#)) which calls us to a “new kind of
communion, to remember who we are and how very much we are loved —
a song that sees GOD’S TABLE where EVERY PERSON is welcome to come and be filled” ... a place
where EVERYONE BELONGS and NO ONE is excluded.

ABSOLUTELY NO ONE!!!

I recently read a wonderful quote:
“The kin-dom of God is NOT a gated community!”

Amen!

Amen!!

Amen!!!
